

# 2021 Rate Breakdown

## Data Packages

<p><b>Maapera Data Analysis - Small Project</b></p> <p>Up to 250 data points on the project. This does not include the rental costs for sensing gear. Maapera will provide a field training package/ procedures and instructions to collect data. Data collection will be done by client or their field technicians/ consultants. Maapera will analyse and provide a report on any data submitted within 30 min of submission. Analysis will include both Hydrocarbons and Salinity contaminants.</p>	\$1,800.00
<p><b>Maapera Data Analysis - Medium Project</b></p> <p>Up to 750 data points on the project. This does not include the rental costs for sensing gear. Maapera will provide a field training package/ procedures and instructions to collect data. Data collection will be done by client or their field technicians/ consultants. Maapera will analyse and provide a report on any data submitted within 30 min of submission. Analysis will include both Hydrocarbons and Salinity contaminants.</p>	\$3,675.00
<p><b>Maapera Data Analysis - Large Project</b></p> <p>Up to 2000 data points on the project. This does not include the rental costs for sensing gear. Maapera will provide a field training package/ procedures and instructions to collect data. Data collection will be done by client or their field technicians/ consultants. Maapera will analyse and provide a report on any data submitted within 30 min of submission. Analysis will include both Hydrocarbons and Salinity contaminants.</p>	\$7,350.00
<p><b>Data Point Overage (per 50 data point block)</b></p> <p>Need to go over the data point collection you contracted for by just a little bit? No problem, just purchase an additional small block of data points.</p>	\$400.00

# Sensor Rentals

<p><b>NIRS Sensor Rental - Daily Rate</b></p> <p>The spectrometer Maapera uses is likely not something you have around, we rent the equipment and you conduct the sampling and submit the data to us for analysis. This is a daily rental for the use of the equipment.</p>	\$360.00
<p><b>NIRS Sensor Rental - Weekly Rate</b></p> <p>The spectrometer Maapera uses is likely not something you have around, we rent the equipment and you conduct the sampling and submit the data to us for analysis. This is a weekly rental for the use of the equipment.</p>	\$1,425.00
<p><b>NIRS Sensor Rental - Monthly Rate</b></p> <p>The spectrometer Maapera uses is likely not something you have around, we rent the equipment and you conduct the sampling and submit the data to us for analysis. This is a monthly rental for the use of the equipment.</p>	\$4,500.00
<p><b>NIRS Sensor Rental - Logistic Charges</b></p> <p>This is a onetime cost to cover the logistic charges associated with shipping the equipment. Charge varies between projects based on shipping costs.</p>	Variable
<p><b>Maapera Technician Day Rate with Equipment All Costs Included</b></p> <p>This is daily rate for a Maapera technician in the field. It includes sensor costs, data processing, labour, consumables, PPE, accommodation/ meals, vehicle costs, and mobilization. This rate applies to Alberta Only - Mobilization to other geographies will require additional mobilization charges. Any training time required to access a site will be charged at daily field rates.</p>	\$4,200.00
<p><b>Maapera Technician &amp; Equipment Day Rate in the Field</b></p> <p>This is daily rate for a Maapera technician in the field. It includes sensor costs, data processing, labour, consumables, PPE, accommodation/meals, and vehicle costs.</p>	\$2,750.00
<p><b>Maapera Technician in the Field</b></p> <p>This is daily rate for a Maapera technician in the field. It includes labour, consumables, PPE, accommodation/meals, vehicle costs.</p>	1,680.00
<p><b>Maapera Technician &amp; Equipment Day Rate for Offsite Analysis</b></p> <p>This is daily rate for a Maapera technician to perform soil data collection. It includes sensor costs, data processing, labour, and consumables. Analysis will include both Hydrocarbons and Salinity contaminants.</p>	1,890.00

## Extras

<b>Field Services - Mileage</b> \$1.00/km with a minimum of \$150/day.	\$1.00/km
<b>Field Services - Per Diem</b> Per day per field technician	\$65.00
<b>Field Services - Accommodation</b> Per stay per field technician	\$150.00
<b>Field Services - Consumables</b> Daily costs for general consumables (gloves, paper towel, cleaners, notebooks, pens, batteries, etc)	\$50.00
<b>Field Services - Service Vehicle</b> Per vehicle per day	\$250.00/day
